

**➔ Run Manchester, Run!**

**INTO Manchester faculty, staff and student are fundraising for INTO Giving in April and May**

The team's made up of INTO employees & students taking on three 10K runs together. Now, that's what we call team building! These incredible runners have set up a team JustGiving page, take a look at their challenge and support them here:

**➔ Speaker Event with GEI**

Last month we hosted a speaker event with Girls' Education International (GEI), who we've supported with a £6,000 (\$7,400) grant. GEI help young women by covering the fees for high school & providing scholarships for university & vocational training in Tanzania.

Like us, GEI envisions a world where educational opportunities for women & girls are equal to those typically afforded boys & men.

Your support & fundraising means girls at GEI are getting the education they want and deserve. Your support is standing up for equal rights.

**➔ Wow, winners galore!**

A huge thank you to everyone who bought tickets for the INTO Giving UK Raffle, and massive congratulations to all of the winners!

Twenty-four prizes including airline and Eurostar tickets were up for grabs, raising more than £2,660!

*Thank You*
